

We Are ready to meet again...

We are really looking forward to welcoming old and new visitors back into our beautiful Crown. It is you the customers who are the jewels in our Crown, without you there is no sparkle!

Here we outline the series of measures we are taking within our business to ensure that, during your time with us, all you need to worry about is enjoying yourselves. Please note these measures constitute an adaptable guide and will be applied in accordance with recommendations from government guidelines.

General measures to keep you in safe hands

Safe spaces and social distancing with signage designed to safely guide and direct. We have established safe social distancing practices, using the appropriate markers and clear signage to help guide our guests and our team to move safely around our building. With the historic nature of our building and unique space, we have made the best use of all of our dining and lounge areas upstairs and down, so that you will feel comfortably distanced from other guests whilst relaxing and enjoying the surroundings.
